Pharmacists Manitoba

Communication, is currently distributed via email to approximately 1,000 pharmacists, pharmacy students and industry members across Manitoba four times a year. This electronic journal is also posted to the Pharmacists Manitoba website for all members to access at any time.

### **A DIRECT LINE OF COMMUNICATION**

One reason for Communication's popularity with Manitoba pharmacists is the strong continuing education component in each issue. Members obtain these CE units to support their annual continuing education requirements. We also have excellent relevant articles that keep our members up-to-date on the latest issues in pharmacy.

Communication is a high quality, full-colour electronic magazine that reflects the importance of pharmacy to the health, well-being and economy of Manitoba. We hope you agree its current, gracious and airy look is enticing to look at, and a pleasure to read.

By advertising in Communication, your advertising dollars go a long way. Pharmacists often reference previous issues for the information they need to practice at their best.
