Dr. Brenna Shearer
Chief Executive Officer
Pharmacists Manitoba
201, 90 Garry Street
Winnipeg, MB R3C4H1

15 December 2020

Dear Dr. Shearer

I am pleased to confirm that upon further discussions with Victor Canada that nasopharyngeal swab collection services will be covered under the Canadian Pharmacists Benefits Association (CPBA) insurance program as authorized by the Province of Manitoba ministerial order of October 14, 2020 in partnership with the micro-credentialing program with Red River College.

Further, it is anticipated that new ministerial orders authorizing pharmacists to expand their scope of services will also be insured, provided appropriate training and credentialing is completed by member pharmacists until such orders are cancelled, lapsed or altered at a future date and time.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Johnson", written over a circular stamp or seal.

Michael Johnson
Senior Vice President
